

The FAA Safety Team presents:

# **Aeronautical Knowledge vs. What Pilots Should Know (Part 1) at HELI-EXPO 2014**

This session, which was highly attended at HAI HELI-EXPO 2013, offers an in-depth look at aeronautical knowledge, decision making, and understanding of limitations. This presentation is a combination of applying practical knowledge beyond the Helicopter Flying Handbook and the research of the International Helicopter Safety Team Analysis Team, with a focus on accident prevention. Ideal for all experience levels, this presentation evolved from extensive research of The Reality of Aeronautical Knowledge: The Analysis of Accident Reports Against What Aircrews are Supposed to Know.

This course is offered at the HAI Rotor Safety Challenge at HELI-EXPO 2014. Safety Challenge course are FREE to all HELI-EXPO 2014 attendees.

Attend at least six Rotor Safety Challenge sessions at HELI-EXPO 2014 and receive a certificate of recognition for completing the 2014 HAI Rotor Safety Challenge.

Take the Safety Challenge in three simple steps:

- Select safety sessions to attend from the HAI Rotor Safety Challenge Schedule. To see the full

## Event Details

**Wed, Feb 26, 2014 - 1:00 pm**

**Anaheim Convention Center**

800 W. Katella Avenue

Anaheim, CA 92802

**Contact: HAI**

**703-683-4646**
